

January 1, 2006

After nearly 60 years the Weaver family decided it was time to retire from the wood refinishing business and to hand over the reins to the next generation of craftsmen who will honor the fine traditions of refinishing wood.

For the past five years, Marvin M. Macatto has worked every aspect of the wood refinishing business at Restore Your Door, and to many of you who are returning clients, Marvin is the person who removed and replaced your refinished door. Chances are he also stripped, sanded, stained, and applied the new finishing coat to many of the thousands of doors entrusted to Restore Your Door.

On January 1, 2006, Marvin and his family purchased Restore Your Door and they look forward to serving the needs of their clients across Metro Houston. Marvin will honor the warranty on any door refinished by Restore Your Door and welcomes your inquiries and questions on door refinishing.
